PROJECT

Title: Exam Duty Allotment System

Language :Python Django,
Team Size:3

　　　It is a Web-based application that allots exam duty to staff. This application is capable of converting the university's timetable PDF into text format and seamlessly integrating it into the system. The admin assigns the duty to the staff randomly as well as manually, and the staff can check their exam duty at their personal portal.

DECLARATION

I hereby declare that above stated information are true to best of my knowledge
